Subject: FW: Meeting to discuss EPA concerns and NIPSCO service retirements

Jaime:

See below regarding the proposed meeting with NIPSCO. And they proposed dates for week after next (not next week, as I said on the call).

Thanks,

Carla

Subject: FW: Meeting to discuss EPA concerns and NIPSCO service retirements

Greg:

Rick Calinski, NIPSCO Public Affairs Manager, is requesting a meeting about West Calumet and the USS Lead Superfund. He would like John Todd, NIPSCO's Gas Operations Manager to attend as well. They are proposing a meeting time for Monday, October 31, or Wednesday, November 2. The meeting can take place in your building, or the Law Conference room – let

me know your preferred date, time and location. The issues to be discussed include:

- ☐ ☐ ☐ ☐ ☐ ☐ ☐ Lead Contamination in USS Lead Superfund
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ Retirement of Services in West Calumet
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ Whether to do retirement of services at mains or laterals
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ Procedures Utilities Operations have put in place for repairs (coordinate with EPA on XRF testing)
- ☐ ☐ ☐ ☐ ☐ ☐ ☐ Necessity of NIPSCO executing their own Data Sharing Agreements if NIPSCO requests detailed data by address in West Cal, or other zones.

Let me know your thoughts and preferences.

Thanks,

Carla

Hi Carla,

I did reach out to John Todd our Gas Operations Manager and unfortunately next Tuesday will not work for him to meet.

Would either day below work for you and others to meet to discuss.

Thank you again for the time.

Rick Calinski
Manager, NIPSCO Public Affairs
